

## 18" Non-Slip Microfiber Scrubbing Pad

MicroPads with NanoSilver are made with ultra fine micro fibres and scrubbing strips that are ideal for healthcare and hospital use.

The 18" Non-Slip Microfiber Scrubbing Pad delivers superior performance. Crafted with NanoSilver ultra-fine microfibers and scrubbing strips, this pad ensures efficient cleaning for a spotless and hygienic environment. Our advanced NanoSilver technology maximizes cleaning efficiency, capturing and trapping even the tiniest particles and bacteria, providing a thorough and hygienic clean. The 18" Non-Slip Microfiber Scrubbing Pad effortlessly attaches to the [18" Aluminum Velcro Flat Mop Frame](#), offering seamless maneuverability and stability during cleaning. This scrubbing pad is the perfect choice for hospitals and healthcare facilities, where maintaining a sterile environment is of utmost importance. The pad is designed for wet use, allowing for efficient and thorough cleaning on various surfaces. Built to withstand rigorous use, this pad guarantees long-lasting performance, saving you time and money on frequent replacements. Plus, it's machine washable, ensuring hassle-free maintenance and continued cleanliness. Also available as the [NanoSilver Microfiber Flat Mop](#), which is available in 3 different colours for colour coding.
