

28" Safety Pylon

This 28" Safety Pylon provides high visibility safety in warehouses, garages, parking lots, public buildings and more.

Featuring a rugged PVC construction, this practical and durable orange safety cone features reflective stripes for added visibility. The wide base and slim design provide excellent stability to prevent the pylon from tipping over. Easy to clean and stackable, this lightweight cone is perfect for commercial, institutional and industrial use. Warn the public with this Safety Pylon while you remove excess liquids from the floors with the help of the [Curved Heavy-Duty Metal Squeegee](#).

Product Features

- Durable PVC construction
