

The Swinger™ Synthetic Loop-End Mops: professional grade synthetic blend mop ideal for general cleaning in the institutional and food service industry.

The Swinger™ Synthetic Looped-End Mops are crafted with a unique blend of 4-ply synthetic yarns. The mop's superior strength, high absorbency and mid-range retention make it perfect for general cleaning. The looped-end construction and fan tail design allows for maximum floor coverage. These mops are not only exceptionally durable but also able to withstand repeated launderings without fraying or unraveling. Whether you're cleaning floors in a busy restaurant or tackling a large-scale construction project, the Swinger™ Synthetic Loop-End Mops are ideal for the institutional and food service industry.

Pairing the Swinger™ Synthetic Looped-End Mop with a [STEP-N-GO Wet Mop Handle](#) as well as a [40 Qt. Elephant Down Press Mop Bucket Combo](#) is guaranteed to make any cleaning task easier.
