
Heavy-Duty Plunger with Wood Handle

This industrial-grade plunger is a must-have tool for any commercial and industrial janitorial services.

This Heavy-Duty plunger is a must-have tool that helps you clear clogs in industrial sinks, toilets and drains. Featuring a durable rubber suction cup that creates a tight seal around the drain and a wooden handle, and is designed for durability and optimal plunging ability. Complete your washroom cleaning essential tools with a [toilet bowl brush](#), a [bowl swab caddy](#) and some [Vim® Power & Shine™ Bathroom Spray](#).

Product Features

- Durable rubber suction cup
- Long wooden handle
- The rubber cup fits most drains and toilets
- Unique shape eliminates splash back
