

## Ten-Zyme Enzymatic Cleaner

Bio-enzymatic cleaner  
Item #AR59234

### Versatile, High-Performance Enzymatic Cleaning

Ten-Zyme is a concentrated bio-enzymatic cleaner that breaks down organic waste at the source. Active bacteria and enzymes digest proteins, fats, oils, and starches that cause odours and buildup. It is ideal for drains, waste areas, surfaces, and carpets while remaining non-hazardous and environmentally responsible.

### Primary Applications

- Floor and sink drains
- Garbage rooms and waste bins
- Grease traps and FOG buildup
- Carpets and upholstery (organic spills)
- Floors, grout, and concrete surfaces
- Washrooms and locker rooms
- Urine odors and organic stains on porous surfaces

### Recommended Dosage / Dilution

Application	Dilution
Drain treatment	60–120 mL directly into drain daily or as needed
Surface cleaning	Dilute 1:10 with water
Grease traps	250–500 mL directly into trap
Carpet spotting	Apply directly and allow dwell time

### Basic Handling Tips

- Apply directly to the area and allow dwell time for enzymes to work
- Avoid use immediately after disinfectants or strong chemicals
- Allow several hours of activity for best results
- Store in a cool, dry area and keep container sealed
