

## Ultra Powdered Laundry Detergent

Powdered Detergent  
Item #HWNP128-20

### Versatile, Heavy-Duty Cleaning Performance

Diamond Powdered Laundry Detergent is a low suds powdered detergent designed to remove and suspend soils for easy rinsing. Its effective cleaning formula helps clean, brighten, and freshen a wide range of fabric types while providing reliable performance in commercial and institutional laundry operations.

### Primary Applications

- Commercial and on-premise laundry systems
- Towels, linens, and uniforms
- Hotels, healthcare, and institutional laundry
- General fabric cleaning and stain removal
- High-volume laundry operations

### Recommended Dosage / Dilution

Application	Dilution
Light soil loads	Use recommended machine dosage
General laundry	Add during wash cycle
Heavy soil loads	Increase amount as needed
Commercial washers	Use through dispensing system if applicable

### Basic Handling Tips

- Follow machine and fabric care instructions
- Use appropriate amount based on soil level
- Store in a cool, dry area to prevent clumping
- Keep container sealed when not in use
