

### »» Spill Berms (6" Collapsible)

#### Our most cost effective, versatile and compact berm solution

##### Hinge Bracket Berm

With the quickest set up time in the industry, the Hinge Bracket berm, is the ideal solutions for full or partial containment that requires a simple, fast and convenient solution. This berm can be folded up and transported from job site to job site. It's sleek, compact and easy to deploy and it is re-useable. **Constructed with our standard PVC Fabric.**

This solution outperforms its foam wall alternatives as it has a much smaller footprint and is so much easier for operators to deploy and re-use, over and over.

##### Advantages

- Built-in hinge brackets easily stays in upright position
- Brackets can be removed / replaced
- Quickest set up in the industry
- Portable, reuseable and repairable
- Durable and lightweight
- Compact berm design for efficient storage and transport
